Myself and my partner had our wedding on Saturday 17th September and we hired our car from Ladyr. We had the red Bentley and it was stunning. The customer service before our day was amazing and on the day Terry our driver was amazing. We could take as many photos as we needed, we didn't feel rushed and the ribbon on the car was fabulous. We would definitely recommend Ladyr.

Lady R cars provided a fantastic service on the day of our wedding, I loved the cars as they are from a classic year and much better than driving in the new types. Both Terry and Krissy are very helpful, I would high recommend their service to roll up in style!

Thank you so much, was excellent service, really helpful with getting me into the car with my big dress. Really put me at ease. Comfortable ride. Reliable turned up in plenty of time. I always dreamed of travelling to my wedding in a red bentley and thanks to Terry I got my dream. The whole process from when I first went to see the car right to the day was excellent. Couldn't have picked a better company to go with. The personalised ribbons that we got to keep gave it that extra special touch. So thank you for helping make our day extra special.
